Freedom of Information Requests

Eye Town Council welcomes enquiries from the public about its daily business as the public has a general right of access to information in recorded form held by public authorities. The Town Council is currently working towards having the majority of its policies and procedures on their website so that the public can access information easily at their leisure. To apply for information please put your request in writing to the clerk stating your name and address for correspondence. It would be helpful if you described the information requested clearly. A request for information will be complied with, within 20 working days of receiving the request although most simple requests will be dealt with within 5 working days.

Charges for Information Requests

If the information you request is easily available and can be sent electronically no charge will be made. However, if the information requires the clerk to spend time collating the information and manually copying documents a minimum charge of £6.25 will be made to cover the clerk's time. In addition to the clerk's time a charge will be made for printing or photocopying at 10 p per A4 sheet black and white and 40p per A4 sheet colour. If postage is required, this will be at cost price. For more complex requests we charge £25.00 an hour. The clerk will prepare an estimate for complex requests taking into account the time it will take to locate, retrieve, extract, prepare and post the information requested. The clerk is allowed to use some discretion when calculating charges.

Burial/Cemetery Searches a standard charge is payable of £25 for Eye residents and £50 for non-residents which includes a photocopy of the appropriate record. (It normally takes between 2-3 hours to make a manual search of the records) No charge is made to serving Town Councillors who require information from the clerk to help them in their duties.

Rare Situations where the council would not provide the information requested

Requests for information may be refused when such a request imposes a significant financial and human resource burden and also:-

- is designed to cause disruption and annoyance
- has the effect of harassing the Town Council
- can be characterised as obsessive or manifestly unreasonable
- the effect of redaction would render the information worthless
- if the cost of the request would exceed the appropriate limit as prescribed in the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 SI 2004/3244 **Any decisions not to provide information would be made at full council by majority vote.**
