Appendix A

The Council is asked to note that in accordance with the delegated authority given to the Clerk and relevant Chairs on 15th July 2020 under Section 101 of the Local Government Act 1972 reference 20-03-18/9.7a/2429 the following decisions have been taken:

1. Environment Committee – re-opening Play Areas

A zoom meeting was held on the 20th August at 1:00 pm between Chair and Deputy Chair of the Environment Committee Cllrs Smith and Walker respectively and the Town Clerk. The Safety Inspection on both the Pocket Park at Oak Crescent and the Skatepark at Town Moors was carried out by the agents for Mid Suffolk District Council on the 19th August. Both play area equipment was deemed to be safe to use. Cllrs Smith and Walker agreed that the parks should be reopened as soon as possible to provide an activity for residents for the last two weeks of the summer holidays. Government guidelines on social distancing must still be adhered to. The Clerk has drafted posters to be put up at both parks reminding users of their responsibilities. The Clerk to publish announcements on social media and the Council's website.

2. Accounts Payable to 31/08/2020

3. Planning Application decisions made at Extra Ordinary Planning Meeting held on the 3rd September.

Date Received	Number of Application	Location	Details	Deadline
19.08.2020	DC/20/02052	Castle Hill Farm, Castle Hill, Thorndon	Erection of 4 poultry houses with associated admin block, feed bins and vehicle access	9.9.2020
<p>Proposal</p> <p>Eye Town Council objects to this application</p> <p>The Council appreciates the contact made on 19th August to be formally consulted on this application. This contact makes it clear that, given the harmful impact of enhanced HGV movements clearly to be incurred by the town, that ETC should have been a formal consultee when the application was first advertised. None the less ETC is pleased to respond in this formally recognised capacity.</p> <p>The whole matter of traffic in Eye and other surrounding areas is a major concern to the council and the vast majority of residents especially those who live in the town centre. A petition with over 900 signatures (half the adult population of Eye) is to be presented at the next town council meeting and onwards to Suffolk County Council. ETC objected to this application by a unanimous resolution at its meeting on June 17th and this has been posted on the portal under the town clerk's name Mrs Wendy Alcock on page 8 of the portal comments with a posting date of 23rd June.</p> <p>ETC requests that this be considered as comments submitted under now formal consultee status with the additions below which were passed unanimously at an extra-ordinary meeting of the council on September 3rd.</p>				

Long standing councillors cannot remember a subject which has caused so much concern across so many neighbouring parishes, and Eye in particular, as the current levels of HGV traffic growth. Rather than simply repeat the original submission the council is asking the planning committee to balance the economic drivers at the heart of this application with its impact on people's quality of life. It is all very well for traffic professionals (see consultation letter SCC/CON/2363/20) to take a nuanced view of section 109 of the NPPF that the extra levels of traffic will not be 'severe'. ETC submits that this is under researched and that the MLM survey, commissioned by the council, shows this to be the case. The council has been sent a copy of the report produced under the auspice of the Joint Parish Working Group by Stradbroke Parish Council and has considered the contents at this EGM. The council considers this to be a more in-depth and accurate analysis of the real level of traffic generation and ETC supports it. The research cites the MLM Group's report and correctly identifies that given the current baseline of existing traffic safety and amenity issues it is clear that additional HGV movements will severely compound these problems.

There is already an unacceptable situation regarding highway safety and danger to residents and pedestrians, often accompanying young children to school, with HGVs mounting the pavements and scraping buildings. Developments such as these will make the 'residual impacts on the road network' severe on any balanced view. The term severe is not specifically defined in the glossary of the NPPF but the note attached from an Eye resident below demonstrates that the traffic officer's views need moderating. People's safety matters and is a critical planning issue.

ETC has received dozens of representations regarding increases in HGV traffic This and the number of objections on the portal shows the depth of public concern. ETC does not have jurisdiction to prevent the traffic situation worsening but BMSDC does. ETC urges the BMSDC planning committee to reject this application and instigate, with other partners, a meaningful dialogue with local parishes about optimum methods of HGV management and control before others similar developments are considered.

Eye Town Council feels that the notes submitted with this comment highlights the personal anguish of many residents and submits that the harm done to people's quality of life, mental health and loss of residential amenity are planning matters and taken with the wealth of similar information already placed on the portal are grounds for rejection of this application.

Proposed Cllr Smith seconded by Cllr Brandon - all in favour

19.08.2020	DC/20/03541	Queens Head Cross St, Eye	Erection of new outdoor bar and servery	9.9.2020
<p>Proposal That Eye Town Council supports this application DC/20/03541 for the construction of an outdoor bar. The reasons for this are:</p> <ul style="list-style-type: none"> • It involves no alteration to the listed building and has limited impact on its setting being located adjacent to the southern boundary • It is in the shadow of a much larger SCC building which itself makes the southern boundary highly unattractive. This structure could be said to soften the view • It is clearly necessary for the commercial functioning of the Queens Head in the current circumstances 				

The Council have a number of concerns about the current control exercised over the external courtyard and the diminution in residential amenity sustained by some residents and made clear in their comments both on the portal and at this meeting. The committee would like the following taken into account by the relevant section of BMSDC to control noise and other emissions and balance the quality of life rightly to be expected by neighbours with the running of a town centre business.

The council requests that:

- Items 1-4 of the conclusion in the objection from Hucklesby Architects be considered, where relevant, as conditions
- Amendments to the license be considered to end outdoor service at 10.00 and the whole premises be vacated by 11:00 from Sunday to Thursday and to end outdoor service at 11:00 and for premises to be vacated by 11:30 on Fridays and Saturdays. License extensions to be considered for Bank Holidays and special pre-planned events.
- The storage and refuse area should be tidied up given the conservation area status
- Parking in the area in front of the former advice centre be allowed to continue at least temporarily as parking is limited in Eye and this provides access for less able people
- A review of conditions be undertaken after 6 months.

Proposed by Cllr Walker seconded by Cllr Hudson – 8 support, 1 abstention – proposal carried.

19.08.2020	DC/20/03542	Queens Head Cross St, Eye	Listed building consent for erection of new outdoor bar and servery	9.9.2020
Application to be withdrawn. Not considered.				
24.08.2020	DC/20/03401	11 Victoria Hill, Eye	Erection of two storey and single storey rear extension. Alterations to extend roof pitch over existing side extension	14.9.2020
Propose that Eye Town Council supports this application as it improves the appearance of the elevation of the building.				
Proposed by Cllr Evitt, seconded by Cllr Walker - all in favour.
