

**Unfortunately we have been informed that one of our textile bank contractors Black County Rag has gone into administration.**

**Therefore textile banks marked BCR will not be emptied for the time being, please do not use them.**

There are other textile and shoe banks at some sites operated by another provider (ERC) which will continue to be emptied as usual.

**If you find a textile bank that is overflowing please contact us on 01449 778678 to report it.**

**If you have any textiles that you would like to recycle, the council operates a textile recycle scheme through your recycling bin at home. Replacement council textile recycling bags can be collected from our network of stockists or obtained from your recycling bin collection crew.**
